

# C++ Tutorial Unit 14

---

This is my work/practice while doing chapter 14 from the c++ tutorial from [learncpp.com](https://www.learncpp.com/).

## Description

I am uploading it to Git Hub to get used to git and Git Hub.

## Dependencies

None

## Installing

None, this is not a program.

## Executing the program

## Authors

Me - Bootywizrd002

## Acknowledgments

I wanna thank Alex, the writer of tutorial on [learncpp.com](https://www.learncpp.com/). If you are interested in learning c++ then check the website out, it's pretty nice.
