C++ Tutorial Unit 14

This is my work/practice while doing chapter 14 from the c++ tutorial from learncpp.com.

Description

I am uploading it to Git Hub to get used to git and Git Hub.

Dependencies

None

Installing

None, this is not a program.

Executing the program

Again, this is not a program, you can't execute it.

Authors

Me - Bootywizrd002

Acknowlegments

I wanna thank Alex, the writer of tutorial on learncpp.com. If you are interested in learning c++ then check the website out, it's pretty nice.
